

Arab Bank Global Conservative Fund

البنك العربي
ARAB BANK

Beginnings never end

INVESTMENT OBJECTIVE

The Arab Bank Global Conservative Fund is a low to moderate-risk investment vehicle aiming to generate capital growth regardless of market conditions. It may be suitable for investors seeking long-term growth with a low to moderate tolerance for volatility with the aim of achieving 4-6% per annum over a minimum of 5-year time horizon.

KEY FEATURES

- 1** The fund invests in a selection of different asset classes in order to achieve a high level of financial diversification.
- 2** The fund seeks to outperform its relative benchmark allocation while remaining within a predetermined risk budget.
- 3** Investments are not targeted to specific countries.
- 4** The fund follows a multi-manager, fund of funds approach, investing in "best of breed" managers and funds.

RISKS

Given the nature of several asset classes into which the fund invests, prospective investors should be aware that the principal amount of their investment is not guaranteed and the value of their investment may increase or decrease.

Investments in each sub-fund are subject to normal market fluctuations and other investment risks. Depending on general market trends and the securities in the fund's portfolio, the net asset value may be subject to fluctuations.

Any historic fund performance information is provided for reference only. Past performance is not an indicator of future performance and investors may not recover the full or any amount of the initial sum invested.

This document does not detail all the risks associated with the fund, these are set out in full in the prospectus of the fund. Investors are therefore advised to read the fund prospectus before making any decision to invest in the fund.

IMPORTANT INFORMATION

This investment opportunity is only available to investors that are not considered as U.S persons and/or residents of Switzerland (or their advisers) and who already have knowledge of the type of investment described in it. If a potential investor has any doubt about the suitability of the agreement which is the subject of this investment, then information and advice may be sought from the investor's own independent advisors.

ARAB BANK PROFILE FUNDS

Arab Bank Wealth Management & Private Banking presents a suite of profile funds designed to deliver a broad asset allocation across the full investment universe. There are 3 funds that invest their assets in any of several asset classes in order to outperform their benchmark allocation while remaining within a predetermined risk budget. An excess return (alpha) is generated by utilizing the investment skills of top funds and managers in the world and by actively managing the allocation to these in each profile fund.

RISK VERSUS POTENTIAL RETURN

ARAB BANK GLOBAL CONSERVATIVE FUND

The fund's principal objective is to achieve long-term growth of its assets with a risk-adjusted performance in excess of a target benchmark. The fund will pursue its objective by investing most of its assets in securities of other open-ended undertakings for collective investment ("Target Funds"), namely, mutual funds or investment companies, using conventional and non-conventional or alternative asset management strategies.
